

To Whom It May Concern,

As someone who works on multiple marketing and public relations projects at once and needs good work with quick turnaround time, I understand the value of having someone like Melanie Unice to rely on. She has handled both website coding and graphic design work for us in the past, and she is always fast, and always presents creative ideas for how to make the project better.

I would recommend her and her firm, Orange Velvet Design Studio, LLC, to any company looking for a solid partner to which they can trust their work. Her designs rarely need much tweaking, and she never complains when the scope or details of a project changes. Rather, she puts her head down and works until the project is completed to our satisfaction. And when using her, the project always meets our satisfaction.

Thank you for your consideration and good luck with your project.

Sincerely,

Matthew Ulmer
